

## STEP AWARDS FALL 2003

1	Wooddell	Additional Computing in Social Sciences	7035
---	----------	---	------

This proposal provides for four additional computers and supplies for the Mouton Hall Computer Laboratory.

2	Richter	Geology Department Student Lab	15403
---	---------	--------------------------------	-------

The 14 new computers will replace those in the Geology Departmental Laboratory.

3	Brooks, Williams. Lyman	Education Networks Services Enhancement	13496
---	-------------------------	---	-------

This will provide for a rack, firewall and server to host PASS-PORT software used by all education students.

4	Kreamer	SMART Classroom	91000
---	---------	-----------------	-------

This project will provide for the design and upgrade of two classrooms with a standard set of media including a touch screen controlled podium, computer, document camera, video player, ceiling mounted projection, screen, and sound.

6	Young, Brooks	Smarthinking.com	99553
---	---------------	------------------	-------

This proposal will replace the 25 computers and one server in the Learning Center, license 10 ports to PRAXIS training software, student workers, and 800 tutorial hours from Smartthink.com.

7	Sloan	Electronic Record Keeping for Nurse Practitioner Students	7118
---	-------	---	------

This project will purchase a subscription to a web based clinical log system.

9	Mahler	Network Reliability Enhancement	75000
---	--------	---------------------------------	-------

This project will replace the existing routers which provide access to the internet. The cost for the hardware, firmware, software, and installation is \$225,000. This should increase the reliability of network access.

10	Mahler	Wiring Billeaud Hall	96900
----	--------	----------------------	-------

This project is a continuation of the wiring of academic building to bring gigabit access to the desks and classrooms of academic buildings on campus.

12	Himes	Stage Lighting Angelle Hall	29136
----	-------	-----------------------------	-------

This project is to bring digitally controlled stage lighting to the Angelle Hall Auditorium.

13	Meriwether	Computational Physics Lab	37669
----	------------	---------------------------	-------

This project is to renovate the Computational Physics Laboratory with a server, 8 computers, specialized software and projection equipment.

14	Powell	Lighting Instructional Kits	20077
----	--------	-----------------------------	-------

This project is for six toolkits consisting of metering and measuring devices, hardware and software for lighting visualization for the School of Architecture and Design.

17	Hagge, Palmer	Electrical Engineering Senior Design Lab	50248
----	---------------	--	-------

This project is to provide four workstations for the Senior Design lab consisting of a computer, mixed-signal oscilloscope, digital function generator, digital power supply and digital multimeter.

18	Miller	Lab Computers for Legacy Park Apartments	22575
----	--------	--	-------

This proposal is to provide a 15 computer lab to be shared by the 8 buildings. Grant includes printer, supplies, software, computers and security.

19	Dudley	Electronic Signs for Transit Buses	3600
----	--------	------------------------------------	------

This grant is for the purchase of 12 electronic signs to be placed on the parking and transit buses.

20	Felgenhauer	Tech. Modernization of Lab 124 Billeaud Hall	9381
----	-------------	--	------

This project is to purchase a camera and monitors for the projection of images from the microscope.

23	Davie, Auter, Gervais	Digital Video Editing Suites	85000
----	-----------------------	------------------------------	-------

This project provides for the installation of 5 digital editing suites for Communications.

24	Ryan	Tech. Upgrade Fletcher 209E	17500
----	------	-----------------------------	-------

This project is to complete the renovation of Fletcher 209E as a mediated classroom for a Mac Laboratory.

25	Landry	Web Clinic	18271
----	--------	------------	-------

This project is for the purchase of video production equipment to be used by the Nursing faculty to demonstrate laboratory techniques. These will be made available to students via the web.

26	Edwards, Ryan	Inst. Resource Enhance for Architectural Survey	6100
----	---------------	---	------

This project is to purchase digital architectural images for the survey course in the discipline.

27	Mire	Guillory Hall Operation	34371
----	------	-------------------------	-------
