

STEP PROPOSAL SPRING 2002

Sturm	Public Safety Radios:	60000
-------	-----------------------	-------

This proposal will provide 15 radios for the UL Lafayette Police Department as a replacement for existing obsolete radios.

Kreamer	STEP Video Conferencing Upgrade	13900
---------	---------------------------------	-------

This proposal is to replace the cameras and lighting in the four video conference rooms. Seven cameras are being requested in addition to upgrading the lighting in one of the rooms.

Dugal	Increase UCS User Disk Space	20836
-------	------------------------------	-------

This is a request to purchase increased disk space for the University's file server to allow students to have larger quotas to store program, email, and course materials online. It also includes the cost of a tape cartridge library for backup of the system.

Mahler	Maxim Doucet Wiring Project	111015
--------	-----------------------------	--------

This project is to replace the internal network wiring and update the electronics for Maxim Doucet providing better access to the University's network. The installation of the wiring will be bid to an outside contractor.

Jenkins	Digital Clock Installation II	32000
---------	-------------------------------	-------

This project will complete the installation of digital clock in Dupre' Library, Judice Hall, Bourgeois Hall and Stephens Hall.

LeBlanc, Sun, Lyman	Civil Engineering: Upgrade of Computer Labs	12680
---------------------	---	-------

This proposal is to upgrade the software in the Civil Engineering Lab to include a variety of specialized software.

Clark	Technology Building	1000000
-------	---------------------	---------

This proposal will provide a portion of the funding for the construction of a new Information Technology building. The building will include a general access computing laboratory, four technology equipped multi-media classrooms, fifteen specialized computing laboratories, and offices for faculty and graduate students.

Murugaiah	All purpose Multimedia Facility for International Students	25098
-----------	--	-------

This proposal will equip an all purpose multi-media room in the Office of International Affairs Building. This will include projection, sound, cable access, and electronic whiteboards.

Sudduth	Improving Auscultation Skill of Nursing Students	261
---------	--	-----

This project is for the purchase of an electronic stethoscope capable of amplifying sounds 14 times to be used in the clinical training of nurses.

Leigh, MacMillian	Computer Assisted Instruction	19000
-------------------	-------------------------------	-------

This proposal is for the purchase of computer assisted training modules in content areas such as diabetics and cardiac disease. These modules describe the disease process, possible complications, patient training, medications, and medication administration.

Dorwick	Purchase of DriveShield for the English Computer Lab and Writing Center	1617
---------	---	------

This proposal is to purchase software which protects the system software and allows for easy restart of all the computers in the laboratory with a standard configuration.

Baker	Enhancing the History/Geography Classroom through Technology	11784
-------	--	-------

This is a request to purchase multi-media classroom presentation equipment (STEP cart) for the History/ Geography Department.

Viator, Schambough	UCS Conference Computing Facility Enhanced User Support	5610
--------------------	---	------

This is a request to hire two student support workers to provide Help Desk services in the UCS Open Access Computing Laboratory in the Conference Center.

Himel, Kukainis	Digital Technology Application for Library Collections in Micro-Opaque Format	13088
-----------------	---	-------

This proposal is for the replacement of 20 year old equipment with a micro-opaque reader, PC, scanner and printer to allow access to the Library's microprint and microcard collections.

Chance	Suspended Projector System for Dupre Library Step Lab	9986
--------	---	------

This is a request for a ceiling mounted computer projector for the bibliographic instruction laboratory in Dupre' Library.

Dobyns, Speer	Integrating Technology with the Methods Classroom	17475
---------------	---	-------

This proposal is to equip Room 108, Maxim Doucet as a computer assisted multi-media classroom for education methods courses.

Williams, Ford	Server Upgrade for Undergraduate Teaching Lab	5948
----------------	---	------

This is a request to purchase a replacement server used for all the technology courses in the College of Education.

Lyman, Clemons	SPSS Statistical Software Request	2184
----------------	-----------------------------------	------

This is a request to expand the current SPSS PC site license from 50 user to 100 users for installation on equipment in Bourgeois and Maxim Doucet Halls.

McKinney	Graduate Research and Seminar Room	37725
----------	------------------------------------	-------

This proposal is to renovate Room 129, Fletcher Hall into a multi-media classroom. This includes acoustical insulation, lighting, multi-media podium and presentation equipment.

Hillard, Dugal	Reliable Web Access	15995
----------------	---------------------	-------

This is a request to purchase a rack-mounted, dual-processor server to be used for the University website. An uninterruptible power supply will also be purchased.

Flaherty	Lighting Proposal: Bayou Bijou	54000
----------	--------------------------------	-------

This is a request to replace the current lighting system in Bayou Bijou. It includes the equipment, labor, conduit, and wiring. This project will be placed on bids for an external contractor.

Flaherty	Lighting Proposal: Ballroom	134000
----------	-----------------------------	--------

This is a request to replace the current lighting system in the Student Union Ballroom. It includes the equipment, labor, conduit, transformer, feeders, and wiring. This project will be placed on bids for an external contractor.

Brooks	Lighting Proposal: Burke	46000
--------	--------------------------	-------

This is a request to replace the current lighting system in the Theater in Burke Hall. It includes the equipment, labor, conduit, transformer, emergency lighting and wiring. This project will be placed on bids for an external contractor.

Gastineau, Lucien	One Step ID Card System	500000
-------------------	-------------------------	--------

This proposal is to provide a single card identification system. This will provide student identification for access into the library, appropriate buildings, parking facilities and events. It will permit debit card features for various vending facilities, payments for University services, etc. It will provide security for dorms, building and labs.

Adams, Blake	Electronic Signs to Get Out the Word	46312
--------------	--------------------------------------	-------

This proposal provides for a series electronic signs for the buses, four interior buildings, and one exterior building. Messages of student events will be posted.
